

G12 COLLABORATION SERVICE

A Fully Integrated Collaboration Solution at a Fraction of the Cost

Arm yourself with the communication tools your business needs to enhance employee productivity and embrace distributed work. Fully integrated into G12's industry-leading Cloud PBX Service, G12's Collaboration service includes HD videoconferencing, messaging, group chat, screen share, document sharing, remote dial-in and more.

Level the playing field for your business with a service that offers all the capabilities of enterprise UCaaS without the enterprise price tag.

Collaboration is the lifeblood of every successful business. Yet in a world defined by hybrid work, equipping your people with the tools they need to effectively work together is easier said than done — especially in the face of limited budgets.

With G12 Collaboration, that's no longer a concern. Backed by industry-leading support, our cost-effective solution helps you overcome your organization's biggest productivity roadblocks.
