Microsoft Teams

Benefits of Operator Connect

Turn Teams into your business phone solution

Simplify calling by using any Teams-enabled device for incoming and outgoing calls. Available on both desktop and mobile.

Go from setup to making calls fast

Start making calls quickly with a seamless onboarding process. Register, provision and assign numbers instantly.

One platform for managing users and call flows

Self-managed or fully managed. G12 Operator Connect lets you manage your numbers, users, and call flows in one place.

Unlimited calling for US and Canada

Make calls with peace of mind. G12 Operator Connect's Professional plan offers unlimited calling in the United States and Canada.

Supports dynamic E911 capabilities

Ensure your organization is in compliance with current E911 regulations. G12 Operator Connect includes E911 capabilities.

On-demand scaling for your numbers

Never wait when provisioning users and numbers again. Scale to meet any demand with instant provisioning for users and numbers.

Make Microsoft Teams your dedicated phone system
